ACHIEVEMENTS

Active member of **OSDC** (Open Source Developers Club) of the college.

Got featured on StackOverflow's top users for AngularJS (calculated on the past 30 days basis) for more than a week.

Participated and secured top positions in various intra-college programming competitions.

EXPERIENCE

Google | Summer of Code Developer
May 2016 – August 2016
Worked with the Oppia Foundation to implemented a dashboard that allows lesson creators to see common statistics for their lessons at a glance and take action based on this information on their platform.
Project Link

Razorpay | Frontend Developer Intern
June 2016 – July 2016
Worked on building a custom documentation tool with the intent to automate and speed up the process of writing developer docs. Also created and shipped a few pages for their main website.

Samoza | Mobile App Developer Intern
January 2016 – April 2016
Developed their android application from the ground up using the Ionic Framework.

Mozilla | Winter of Security
September 2015 – February 2016
Created a Virtual Reality Interface to visualize various threat actors and security breaches in the MozDef (Mozilla Defense Platform) Project apart from fixing a few bugs.
My Contributions

Roposo | Frontend Developer Intern
June 2015 – August 2015 | Gurgaon, HR
Revamped the existing dashboard administration system comprising of various internal tools to optimize and automate the workflow.

PROJECTS

ls-walker
Created a wrapper for the nodejs-walker library that broadcasts events for various file types and provides the ability to parse directory trees with ease.
Project Link

Football Fixtures
A command line utility that scrapes fixtures and current standings for various leagues in European Club Football for the ongoing season.
Project Link

Cyberoam Rescue
Developed a tool which allows users to login into Cyberoam's portal through a script with the added functionality for multiple users to keep a continuous connection.
Project Link
